

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

Jest to cyfrowa wersja książki, która przez pokolenia przechowywana była na bibliotecznych półkach, zanim została troskliwie zeskanowana przez Google w ramach projektu światowej biblioteki sieciowej.

Prawa autorskie do niej zdały już wygasnąć i książka stała się częścią powszechnego dziedzictwa. Książka należąca do powszechnego dziedzictwa to książka nigdy nie objęta prawami autorskimi lub do której prawa te wygasły. Zaliczenie książki do powszechnego dziedzictwa zależy od kraju. Książki należące do powszechnego dziedzictwa to nasze wrota do przeszłości. Stanowią nieoceniony dorobek historyczny i kulturowy oraz źródło cennej wiedzy.

Uwagi, notatki i inne zapisy na marginesach, obecne w oryginalnym wolumenie, znajdują się również w tym pliku – przypominając długą podróż tej książki od wydawcy do biblioteki, a wreszcie do Ciebie.

Zasady użytkowania

Google szczeni się współpracą z bibliotekami w ramach projektu digitalizacji materiałów będących powszechnym dziedzictwem oraz ich upubliczniania. Książki będące takim dziedzictwem stanowią własność publiczną, a my po prostu staramy się je zachować dla przyszłych pokoleń. Niemniej jednak, prace takie są kosztowne. W związku z tym, aby nadal móc dostarczać te materiały, podjęliśmy środki, takie jak np. ograniczenia techniczne zapobiegające automatyzacji zapytań po to, aby zapobiegać nadużyciom ze strony podmiotów komercyjnych.

Prosimy również o:

- Wykorzystywanie tych plików jedynie w celach niekomercyjnych
Google Book Search to usługa przeznaczona dla osób prywatnych, prosimy o korzystanie z tych plików jedynie w niekomercyjnych celach prywatnych.
- Nieautomatyzowanie zapytań
Prosimy o niewysyłanie zautomatyzowanych zapytań jakiegokolwiek rodzaju do systemu Google. W przypadku prowadzenia badań nad tłumaczeniami maszynowymi, optycznym rozpoznawaniem znaków lub innymi dziedzinami, w których przydatny jest dostęp do dużych ilości tekstu, prosimy o kontakt z nami. Zachęcamy do korzystania z materiałów będących powszechnym dziedzictwem do takich celów. Możemy być w tym pomocni.
- Zachowywanie przypisań
Znak wodny "Google" w każdym pliku jest niezbędny do informowania o tym projekcie i ułatwiania znajdowania dodatkowych materiałów za pośrednictwem Google Book Search. Prosimy go nie usuwać.
- Przestrzeganie prawa
W każdym przypadku użytkownik ponosi odpowiedzialność za zgodność swoich działań z prawem. Nie wolno przyjmować, że skoro dana książka została uznana za część powszechnego dziedzictwa w Stanach Zjednoczonych, to dzieło to jest w ten sam sposób traktowane w innych krajach. Ochrona praw autorskich do danej książki zależy od przepisów poszczególnych krajów, a my nie możemy ręczyć, czy dany sposób użytkowania którejkolwiek książki jest dozwolony. Prosimy nie przyjmować, że dostępność jakiegokolwiek książki w Google Book Search oznacza, że można jej używać w dowolny sposób, w każdym miejscu świata. Kary za naruszenie praw autorskich mogą być bardzo dotkliwe.

Informacje o usłudze Google Book Search

Misją Google jest uporządkowanie światowych zasobów informacji, aby stały się powszechnie dostępne i użyteczne. Google Book Search ułatwia czytelnikom znajdowanie książek z całego świata, a autorom i wydawcom dotarcie do nowych czytelników. Cały tekst tej książki można przeszukiwać w internecie pod adresem <http://books.google.com/>

Przeestroga dla uczących się po angielsku bez pomocy nauczyciela.

Przykłady i sposoby mówienia, przytoczone w tym Słowniku, są tak liczne i tak rozmaite, że mogą zastąpić miejsce Wypisów. Poczynający niech je wymawia wedle prawideł wskazanych w Słowniku Angielsko-Polskim, gdzie akcent każdego wyrazu oznaczony jest kreską, a wymawianie każdej samogłoski pokazane liczbą. Trzeba także uważać na sposób przenoszenia angielskich wyrazów z jednego do drugiego wiersza: trudność ta, trudu niełatwa do pokonania, przezwycięża się wprawą, wedle zgłoskowania tamże wyszczególnionego osobnemi łącznikami.

GŁOSY I CZŁONKI ZWIERZĄT

Ptaki śpiewają i szczebioczą, birds sing and chirp.

Papuga gada, the parrot talks.

Sroka skrzeczy, the magpie chatters.

Kos swiszczy, the blackbird whistles.

Golęb i synogarlica grucha, the dove and the turtle-dove coos.

Kur pieje, the cock crows.

Kruk kraka, the raven croaks.

(*O żabach mówi się także*, to croak).

Pies szczeka i wyje, the dog barks and howls.

Kot miauczy i mruczy, the cat mews and purrs.

Lis szczeka, the fox yelps.

Zując krzyczy, car, car, the bare squeaks and cries.

Wąż syczy, the snake hisses.

Świnia krzaka, the hog grunts.

Koń rży, the horse neighs.

<i>Osiel</i>	}	ryczać	the ass brays.
<i>Lew</i>			the lion roars.
<i>Wół i krowa</i>			the ox and cow low.
<i>Byk</i>			the bull bellows.

Pysk, (morda) *psa*, *kwa*, *kota*, etc., the mouth of a dog; of a lion, of a cat.

Pazury *lwa*, *kota*, *ptaków*, the claws of a lion, of a cat, of a bird.

Szczypce (*kleszcze*), *raka*, *krabu*, the claws of a lobster, of a crab.

Szpony *orla*, *jastrzębia*, the talons of an eagle, of a hawk.

Ryjek *świni*, the snout of a hog. (*Nos* *ryby* także snout).

Chrapy *konia*, *jelenia*, the mouth or jaws of a horse, the muzzle of a stag.

Kły *dzika*, the tusks of a wild boar.

Szczecina *swini* i *dzika*, the bristles of a hog, of a wild boar.

Szerść *innych zwierząt* wyraża się ogólnem nazwanem, *hair* *włosa*.

Głowa *łososi*, the jaw of a salmon.

NB. Imiesłowy czynne każdego z tych słów mają znaczenie rzeczowników. Np. *the roaring of the lion*, *ryk lwa*; *the bellowing of the bull*, *ryk wolu*; *the singing, chirping, warbling, etc.* *szczebiot* *ptaków*.

ODCIEŃIE NIEKTÓRYCH WYRAZÓW BLISKOZNACZNYCH.

1). To WEARY, *nękać*, to FATIGUE, *męczyć*.

The continuance of the same thing *wearies* us; labour *fatigues* us. I am *weary* with standing; I am *fatigued* with walking. A sutor *wearies* us by his perseverance; *fatigues* us by his importunities.

2). To LIE, to LAY, *leżeć*, *położyć*.

These words have certainly a very different meaning, and are seldom used one for another, but when connected with other words, so as to form phrases. To shew the impropriety of an indiscriminate use of them, it will be sufficient to point out the distinction in a few instances. To *lie* by (*leżeć*, *przylegać*), implies, to remain still; to *lay* by (*odłożyć*, *zuchować* na) means to reserve for some future time. To *lie* down (*położyć się*) implies to rest, or repose one's self. To *lay* down (*złożyć*, *wnieść*) means to deposit or to advance a proposition. To *lie* in (*zlegać*) implies to be in childbed; to *lay* in (*składać*, *odkładać*) means to store. To *lie* with (*spać z*) implies to sleep with; to *lay* with (*złożyć się o co*) means to bet with. To *lie* under (*podlegać*) implies, to be subject to; to *lay* under (*kłaść pod*, *podkładać*, *podłożyć*, *zniewolić*) means to subject to.

3) To SEE, *widzieć*, to LOOK at, *patrzeć*, to BEHOLD, *postrzekać*, to VIEW, *oglądać*.

We *see* whatever strikes the sight; we *look* at an object, when we designedly cast our eye upon it; we *behold* when we look with attention; we *view* it, when we survey it. We *see* all objects before our eyes; we *look* at those which excite our curiosity; we *behold* such as cause our admiration; we *view* those we are desirous to examine. We *see* distinctly or confusedly; we *look* at, near, or at a distance. We *behold* with wonder and attention. We *view* with care and exactness. The eyes open to *see*, turn to *look* at, fix themselves to *behold*, and move all ways to *view*. The connoisseur in painting *looks* at the first picture he *sees*; if it be the work of a celebrated artist, he *beholds* it with pleasure, and *views* every part of it with the greatest minuteness.

4) LITTLE, SMALL, *mały*.

The word *little* sometimes signifies only want of bigness, and, at other times, want of greatness in every sense; whereas that of *small* is opposite only to bigness, and supposes some kind of length. Thus we say a *little* house, a *little* man, a *little* cup; a *little* globe; but a *small* thread; a *small* line; a *small* twig.

N

N and N. There are two different sounds for N in the Polish language, viz. N pronounced like the English N in the word NOUN; and N softened, corresponding to the French GN in the word BOURGOGNE, or the Italian GN, in OGNI.

N, stands for a proper name unknown, or which we do not care should be known, viz. *Pan N*, *przez całe życie swoje robił tylko dobre rzeczy*; *rano jadł obiad, wieczorem wieszczał*, Mr. N never had but two occupations in his life: dining in the morning, and supping at night. *N*, *enclit.* following the prepositions, *na*, *nad*, *do*, *po*, *za*, *z*, as abridgment of NIEGO, or NIEJ, gen. and acc. of ON, ONA, see NAN, NADEN, DON, PON, ZAN, WEN, ZEŃ.

NA! interj. here. *Na, weź co ci się należy*, here, take what I owe you.

NA, prep. which governs the loc. case when rest is expressed, and the acc. when motion is signified. ON, upon; at, by, etc. *Siedzi na stole*, he sits upon the table. *Na prawej ręce*, on the right hand. *Grac na harfie*, *na skrzypcach*, to play on the harp, on the viola. *Opierać się na łokciu*, to lean upon the elbow. *Stać na warcie*, to be upon duty. *Miałem kapelusza na głowie*, I had my hat on. *Zdrowo na ciele, dle chory na umyśle*, well in body but sick in mind. *Został schwytany na uczynku*, he was taken in the fact. *Jest trzecia na moim zegarku*, it is three by my watch. *Być na morzu*, to be at sea. *Na okręcie*, on board a ship. *Polegałmy na waszych obietnicach*, we relied upon your promises. *Na dniu osmym*, on the eighth day. *Na słońcu*, in the sun. *Jechac na łowy*, to go a hunting. *Należyć*
